DESIGNED

Firefly Lighting's Range of Landscape products make light work of illuminating various outdoor environments. For accenting low flower beds or illuminating pathways, this low voltage path light fixture is constructed of spun, solid copper. Push-To-Lock solid brass lamp top makes lamp maintenance simple and tool-free. The stem is a heavy-gauge, extruded, solid copper pipe, with a clear optical quality UV resistant polycarbonate lens that safeguards the lamp and optics. Mounting hardware is included with the ABS ground spike.

SPECIFICATIONS

Copper Path Light

SKU	LS-PL-CP
Voltage	12V or 24V DC
Lens	Clear
Light Source	G4 Bi-Pin Bulb
Beam Angle	360°
CCT	2700K
Wattage	2.5W
Colour Rendering Ra	>80
Lumen Output	250lm
Power Rating	10W Max
Dimmable	Yes, with PWM driver
Luminaire Housing Material	Copper Shade Solid Copper Post Brushed Copper Finish
Spike Material	ABS
Cable	0.3m (2x0.2mm ²)
Net Weight	0.6kg

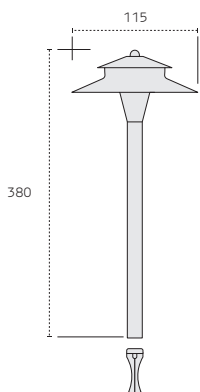

G4 Bi-Pin Bulb

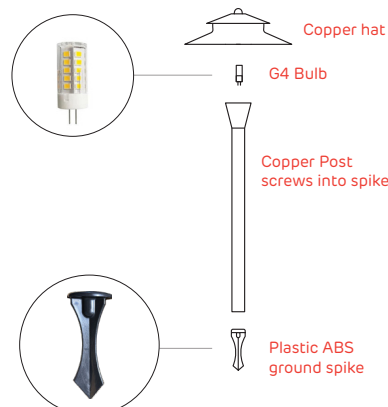

SKU	BL-JC-G4-2.5W-WW
Type	LED G4 Bi-Pin 12V or 24V AC/DC
CCT	2700K
Wattage	2.5W
Colour Rendering Ra	>80
Lumen Output	250lm
