Firefly Lighting's Range of Landscape products make light work of illuminating various outdoor environments. We created this range to sustain Australia's extreme weather conditions so the product lasts well beyond its warranty period and leaves our customers with a smile from ear to ear. All our landscape products are IP rated, and come standard with anti-glare honeycombs and bevel cut hoods. Simply connect into existing 24V DC transformers, and you're good to go!

SPECIFICATIONS

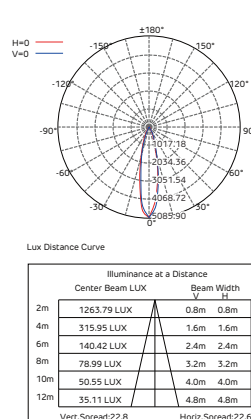

SKU	LS-SP-6W-M-B
Beam Angle	28°
Voltage	24V DC
Light Source	6 Watt Nichia
CCT	2700K
Wattage	6.5±0.2W
Lumen Output	667lm
Dimmable	Yes, with PWM driver
IP Rating	IP65
IK Rating	IK06
Spike Material	Stainless Steel
Ground Impedance (MΩ)	>20
Cable	3m (2x1mm ²)
Net Weight	1kg
Luminaire Housing Material	Black powder-coated die-cast aluminium with nautical paint

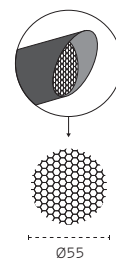

DIMENSIONS

PHOTOMETRIC DATA

GLARE CONTROL

Bevel Cut Hood
Minimises glare by reducing the angle of light source visibility.

Honey Comb Louvre
A tight distribution of cells creates a "visual light shield", with the mesh restricting stray light spill and directing the illumination.
